Additional information: I was a very good H.S. player (state level) 25 years ago, however I have only played sparingly since, so my consistency/accuracy, etc. needs a good deal of work again. I would anticipate that over the summer my rating would improve to 4.0 - 4.5 with consistent, weekly play or more. Men/women of similar rating/level or better please feel free to contact me anytime...Let's play some Tennis!
